

## **Sprint 8 Planning: Final Documentation and Presentation Delivery**

### **Sprint and Product Backlog Update (29.04.2025 to 02.05.2025)**

- Review and update the product backlog.
- Backlog and sprint board updates in Trello.
- **Assigned to:** Mika

### **Final Presentation Preparation (30.04.2025 to 03.05.2025)**

- Prepare the presentation using the template:
  1. Introduction
  2. Project Vision and Goals
  3. Application Features and Usage (with a live or video demo)
  4. Software Architecture and Technologies Used (include visuals like UML, ERD)
  5. Localization (UI / DB)
  6. Quality Assurance (tools used + summary of results)
  7. Lessons Learned
  8. Relevant Links: GitHub & Trello
- Create slides and scripts for each section.
- Rehearse presentation.
- **Assigned to:** Ade (slides & architecture), Mika (demo & features), Heta (localization & quality), Jonne (vision, lessons learned)

### **Final Documentation Writing (30.04.2025 to 05.05.2025)**

- Write content for each section in the Final Documentation Template:

#### **I. Project Development Process**

1. Applied Methodology – Jonne
2. Planning and Risk Analysis – Ade
3. Agile Implementation Approach – Heta
4. Scrum Roles and Responsibilities – Mika

#### **II. Product Documentation**

1. Introduction – Jonne
2. Design
  - ER Diagrams – Mika
  - UML Diagrams – Mika
  - UI Mockups – Heta
3. Features Overview – Jonne
4. Implementation Details – Ade
5. Testing Strategy & Results – Heta

6. Installation Guide – Ade
  7. Usage Instructions – Jonne
  8. Troubleshooting – Mika
  9. FAQ (optional) – Heta
  10. Support & Contact Info (optional) – Ade
- Peer review all sections and compile the final document.
  - **Assigned to:** All team members

### **Sprint Review and Final Presentation Delivery (06.05.2025 to 07.05.2025)**

- Conduct a test run of the final presentation and finalize slides.
- Submit and deliver the presentation.
- Final review of documentation to ensure consistency, completeness, and formatting.
- **Assigned to:** All team members

### **Sprint Retrospective and Submission (08.05.2025)**

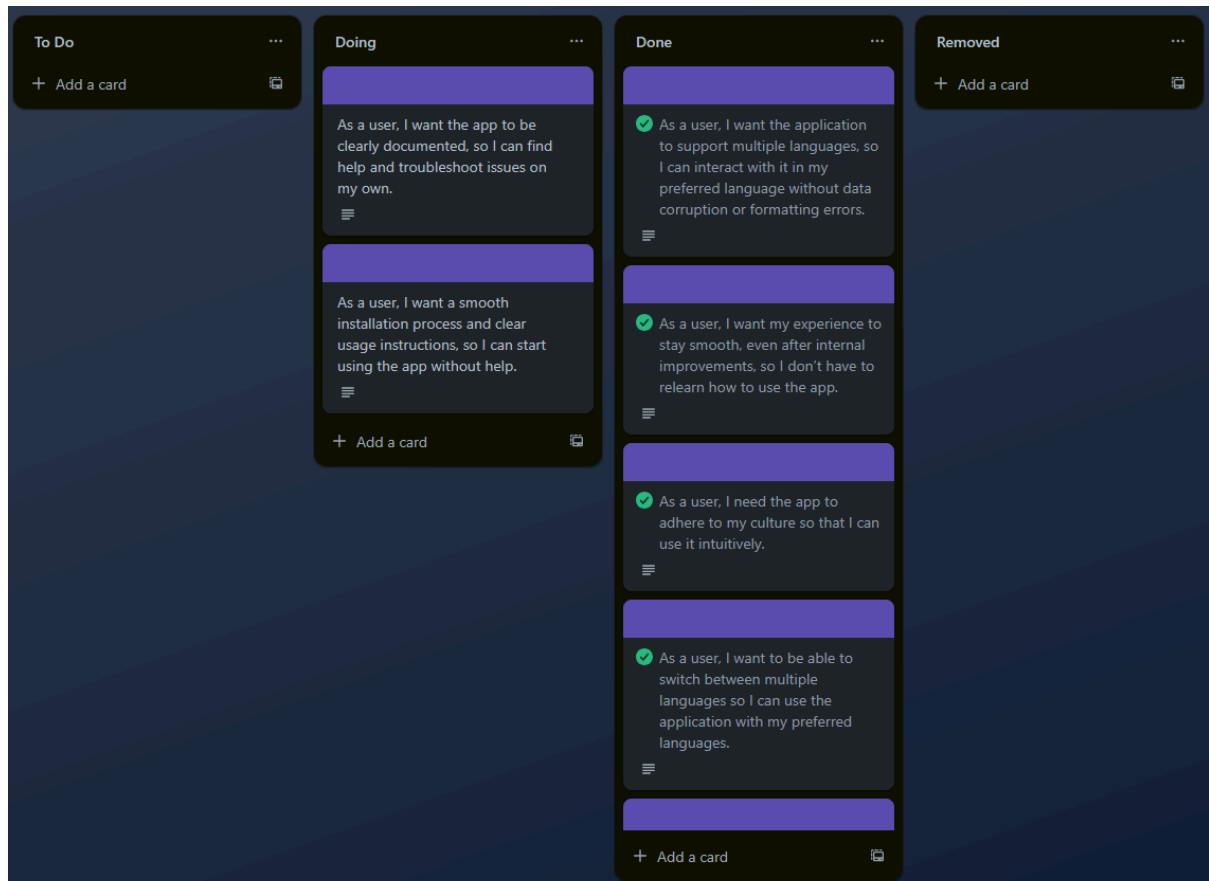

- Reflect on the overall development process, collaboration, and challenges.
- Document final team learnings and retrospective notes.
- Ensure all project deliverables (GitHub, Trello, presentation, and documentation) are submitted.
- Final GitHub repository preparation and link validation.
- **Assigned to:** Ade, Mika, Heta, Jonne

**Sprint 8 Scrum Master:** Heta Hartzell

### **Updated Product Backlog:**
